Small Team Leaders Seminar

Thursday, January 25th we conducted the second in a series of seminars focused on Small Team Leaders. This session was coordinated by Danie Larrew, C900T.2.CU and facilitated by Ken Inglesby, C2300T. Ten to fifteen NCMA & non-NCMA members attended this session. I was impressed by the amount of healthy discussion and examples presented, even in spite of us rescheduling this session due to snow the previous week. We also received a lot of positive feedback from those who attended. Remember, this seminar is intended as an opportunity to

discuss, refresh and reinforce basic leadership principles regarding ownership of work, empowerment and accountability. We intend additional sessions, our next session will be in March. I hope you'll make time for these valuable seminars and bring real life, practical examples to help enrich these for all.
